RESTORING COMMUNITIES, BUILDING A FUTURE.

HUMANITY FIRST USA

ABOUT US

Humanity First is an international not-for-profit humanitarian relief organization established to promote and safeguard human life and dignity. It is a non-political, non-religious, nonsectarian international relief and development agency that works with the world’s poor and vulnerable people.

Humanity First was formally established in the UK in 1995, and now has registered operations in more than 43 countries and projects in many more.

Humanity First USA was established as a 501(c)(3) organization in 2004. Most of the aid workers and the management of Humanity First USA are volunteers and its administrative expenses are negligible. Humanity First USA spends approximately 90% of the donations directly on projects and is able to deliver significantly more aid value in the field than the funds raised through volunteers, collaboration and global sourcing.

Objectives

- Relieve suffering caused by natural disasters or human conflict
- Promote peace and understanding based upon mutual tolerance and respect
- Strengthen people’s capacity to help themselves

HOW YOU CAN HELP

Humanity First USA depends on your ONE TIME and MONTHLY tax-deductible financial gifts to serve the most vulnerable.

If you think a few dollars a month may not be enough, THINK AGAIN!

- $100 can restore vision of a blind person – only $8 a month for 12 months
- $120 can pay for one child’s educational expenses for one year in Africa – only $10 a month for 12 months
- $200 can pay for prenatal visits and safe child-birth – only $17 a month for 12 months
- $300 can feed a fellow American family for almost one month – only $25 a month for 12 months
- $350 can pay for a one year vocational training course of a youth – only $30 a month for 12 months
- $1,000 can provide clean drinking water to an entire village in Africa – only $84 a month for 12 months
- You can support a project as an individual, a family or a group and dedicate it to a loved one!
- $12,000 can establish a primary classroom of 40 children providing them with uniforms and books
- $18,000 can establish a sewing school for young girls and women

Humanity First USA spends approximately 90% of your donations directly on projects
OUR PROGRAMS

WATER FOR LIFE
Humanity First delivers sustainable solutions to combat scarcity of safe and clean drinking water in the developing countries. We help build capacity through training of locals. Our water projects include metropolitan-grade industrial filtration systems, solar powered water distribution systems, the installation, rehabilitation and refurbishment of hand pumps, digging water wells, water harvesting systems and water filtration units.

KNOWLEDGE FOR LIFE
Humanity First aims to make education accessible and affordable for children universally. We offer a range of solutions including establishing primary and secondary schools, upgrading existing schools, establishing science & IT labs in school and establishing libraries. We also provide grants to institutions and educators, and need-based scholarships to individuals.

The Our Kids, Our Future initiative strives to empower the community, school staff, parents and students of some of the most underserved schools in the United States.

LEARN A SKILL
Technical and Vocational Education provides students with skills much needed in the developing economies. Humanity First is operating skills-development centers around the world that are designed to fit local needs and labor market dynamics. We train students in information technology, management sciences, agricultural extension services, polytechnic education and especially provide support to women to start their own enterprises.

GLOBAL HEALTH
Humanity First strives to achieve health equity in developing countries who lack resources to reach all of its population and provide quality care.

We aid healthcare infrastructures through surgical and medical capacity building missions, establishing health centers, ‘Gift of Sight’ missions to combat low vision and blindness, mobile medical clinics under the ‘Gift of Health’ program, and upgrading healthcare facilities with diagnostic equipment, medicines and supplies.

DISASTER RELIEF
Humanity First follows internationally recognized standards and best practices to relieve distressed populations impacted by natural disasters and human conflicts. We provide disaster preparedness and response training/courses in vulnerable communities. During disasters, we work in collaboration with other humanitarian organizations to minimize suffering and material losses. Our teams provide immediate medical and humanitarian relief services followed by medium and long term rehabilitation & reconstruction projects.

FOOD SECURITY
More than a billion people around the world are facing food insecurity or hunger primarily due to poverty. Humanity First aims to serve immediate needs and eradicate causes of food insecurity. Our programs are designed to address local needs in communities, such as establishing food pantries and serving mobile hot/cold meals. We also training farmers in sustainable techniques of agriculture and, introducing locally produced agricultural tools and equipment.

With a vision to make America hunger-free, Feed the Hungry in America program’s mission is to advocate against food wastage and poverty. We strive to reduce wastage of food by establishing a network of food pantries, organizing soup kitchens, establishing community based organic gardens, organizing local and national food drives.
