Hurricane Harvey made landfall Friday, August 26 near Corpus Christi, Texas, as a Category 4 hurricane, bringing 130 mph sustained winds and driving rains. Hurricane Harvey has caused extensive damage to parts of Texas due to torrential rains and flooding which are continuing to cause damage and devastation.

Humanity First USA has partnered with the Ahmadiyya Muslim Youth Association USA (AMYA/MKA), an auxiliary of Ahmadiyya Muslim Community USA to provide disaster relief to Hurricane Harvey victims. Humanity First USA greatly appreciate services of over forty-five (45) AMYA volunteers so far under the leadership of Dr. Bilal Rana, President of AMYA/MKA. Dr. Rana, a Houston resident himself, has been leading relief efforts on the ground.

Humanity First USA and AMYA/MKA were one of the first few organizations to initiate Hurricane Harvey relief efforts.

To date, we have served in many areas of need: such as:

- **Search & Rescue** – Nine (9) families that were stranded in their homes, were rescued on boats
- **Emergency Relief Supplies** – hundreds of people are provided with health & hygiene products, clothing, shoes, blankets, pillows and other household items
- **Hot & Dry Meals** – Six-Hundred (600) hot meals and hundreds of dry meals including cereals, Pasta, canned food and water
- **Recovery Cleanup** – so far, more than thirty (30) homeowners have been helped with gutting, cleaning and debris removal
- **Volunteering** – Since Tuesday, 29 August 2017 over 170 volunteers have offered their services in the field. Tens of volunteers remain involved in organizing efforts at the national and regional levels.
